

STYLELINE[®] new door packaging is designed to reduce product damage in transit while expediting door unpacking and installation.

Packaging is limited to STYLELINE RM, CL Series, FX Series and Profile models only.

Double Stack Door Packaging
(Up to 10 doors)

Packaging Benefits:

- Reduce freight claims and damage by carriers
- No nails or staples limiting the potential of door extrusion scratches and/or damage
- Expedite door unpacking and installation
- Reduce packaging disposal and environmental impact
