

Styleline[®] **PROFILE**

MAXIMUM PRODUCT VISIBILITY

STYLELINE[®] **Profile** has an elegant design and slim profile allowing customers to focus on the product behind the doors.

Featuring:

- French hinged glass doors with no center mullion provide outstanding view of products from every angle
- New ultra-thin glass door perimeter and handle design provides greater merchandise visibility
- Advanced dual-pane glass pack mean no door heat is required keeping energy costs low
- New concave wiper design reduces door-to-door interference, maximizes energy savings, and helps keep glass moisture-free
- DOE 2017 Compliance

Maximum Product Visibility
